### MAXIBILIAS

at Miramar, the home of Maximilian, a handsome palace built by the Arch-Gulf of Trieste, the committee sent by the Assembly of Molables formally presented to Maximilian the invitation to accept the Mexican imperial crown. The honor was by no means unexpected by the Archduke. He had already entertained the proposition of the French Emperor and received from him positive assurance that the Empire would As between tariff for revenue and a have the support of France. Under this agreement the French army of Mexico. under the command of Bazaine, proceeded to occupy the interior of Mexico, and before the close of the year 1863 all the central states, sixteen in number, were in the hands of the Imperialists.

Thus it was Maximilian, clothed with regal power, entered Mexico as its ruling sovereign, May 29, 1864. The journey to Mexico was made in an Austrian frigate, under escort of a French man-of-war. The landing was made at Vera Cruz, amid the firing of canon and ringing of bells in token of rejoicing upon the arrival of their longnot the outburst of a gratified populace, but had been prepared by the Imperial government.

It would have been well had Maximilian heeded the warning conspicuta, his wife, breakfasted with the Pope, The warning ran thus "Beware, Maximilian! Return at once to Miramar! The tottering throne of the Moctezumas is a Gallic snare-a cup of froth. He who does not remember the Trage purple." Most prophetic in view of after the French army had been withdrawn by reason of Napoleon being officially notified that the famous Monof awakening Napoleon to the certainty company is said to have refused \$16. his hopeless struggle for supremacy. sight.-Mining & Scientific Press. The debarkation of the French troops. at Vera Cruz occurred in March, 1864. The cause of the Emperor becoming

He gave gold coin to the soldiers detailed to fire the fatal volley and requested them to aim directly at his heart and avoid mutilating his face. He had directed his body to be sent to Enrope and wished his mother to see his face without any marks of the fearful death he was to die. He took pains to wrap a handkerchief around his long blonde beard to prevent its being burned. Then addressing the soldiers of the Republican army and the immediate the return of healthy financial condicrowd standing in sorrowful silence, he tion. said, "Mexicans I die for a just cause the independence of Mexico." The reports of the muskets rang over the hills and vaileys of Queretaro. Maximilian was not instantly killed and sprang two large stores, one music hall, five to his feet, when a soldier advanced and gave what is called the "golpe de gracia" (The blow of mercy)- a wall simed shot which pierced the

An attempt in 1822, to create an Em-1845 were alike failures. Recurring political excitements of a serious nature in Mexico are due chiefly to a desire for a change of executive officers, conand following not in sympathy with England in payment for British exports the government, and whose vaulting to Mexico, and, it is said, thence shipambition for power and place spurs ped by English merchants to this counthem to intrigue and revolution.
